

Answer the questions to create your avatar headband and earn your Games Have Rules achievement

All games have rules to make the game more challenging and fun. Some rules are **written** in the rulebook. Other rules are **unwritten**, which means you as players agree to follow them even though they aren't official.

Categorize the following rules as written or unwritten by putting a check mark in the Written or Unwritten column.

Written **Unwritten**

- Respect other players' personal space in virtual worlds.
- Press the A button to jump.
- Roll the dice and move the number of spaces indicated.
- Do not look at other players' cards.
- Use the arrow keys to move the character.
- Take turns in clockwise order.
- Don't attack other players in a cooperative game.
- Wait for your turn in multiplayer online games.
- Do not touch another player's game piece without permission.
- Collect \$200 when passing "Go".

Responsible players follow both written and unwritten rules. But what can you do if a player isn't following a rule? Make sure to think about how you can use your social skills and cooperate in a positive way.

On back of the headband template, write one strategy you'll use to encourage a fellow player to follow rules. Decorate the front of the headband to show how you're a responsible player.
