The Shapeshifter is messing with the menus at Geo's! At least he left this clue:

$$\triangle + \circ = \square$$

Clues

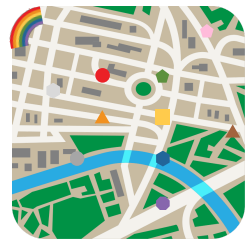

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

Find three numbers to get the final answer. There are three puzzles, a blue one, a green one, and an orange one.

Blue

Use the sticky note and the menu from Geo's Place

Green

Find a number in the map. Your clue is that this is **Rainbowtown!**

Orange

Use the shapes to help assemble the sticks. Find a secret symbol. Line up the secret symbol with the A on the inner ring of the decoder. Decode the other symbols by finding them on the outer ring and writing down the letter on the inner ring.
